Supplemental Information Disclosure Statement

Commissioner for Patents
Washington, D.C. 20231

Sir:

Listed on accompanying Form PTO-1449 are documents that may be considered material to the examination of this application, in compliance with the duty of disclosure requirements of 37 C.F.R. §§ 1.56, 1.97 and 1.98. The numbering on this Supplemental Information Disclosure Statement is a continuation of the numbering in Applicants' Supplemental Information Disclosure Statement filed on February 13, 2002 in connection with the above-captioned application. A copy of documents **AA1, AB1, AF1, AH1, AL1, AM1, AP1, AR4, AS5, AR8, AR11, AR13, AR15, AT24, and AR27** is also provided. Copies of all other documents were previously cited or submitted in an IDS in compliance with 37 C.F.R. § 1.98(a)-(c) in Applicants' 35 U.S.C. § 120 priority Application No. **08/344,824**.

In accordance with 37 C.F.R. § 1.98(a)(3), Applicants' undersigned representative submits the following, in regards to non-English language documents AO1 and AO2 cited on Form PTO 1449:

Document **AO1**, WO 92/21033 is in the German language. A Derwent English language abstract is cited as document **AS26**;

Document **AO2**, WO 95/11255 is in the Japanese language. A Derwent English language abstract is cited as document **AT26**.

Where the publication date of a listed document does not provide a month of publication, the year of publication of the listed document is sufficiently earlier than the

effective U.S. filing date and any foreign priority date so that the month of publication is not in issue. Applicants have listed publication dates on the attached PTO-1449 based on information presently available to the undersigned. However, the listed publication dates should not be construed as an admission that the information was actually published on the date indicated.

Applicants reserve the right to establish the patentability of the claimed invention over any of the information provided herewith, and/or to prove that this information may not be prior art, and/or to prove that this information may not be enabling for the teachings purportedly offered. This statement should not be construed as a representation that a search has been made, or that information more material to the examination of the present patent application does not exist.

This Information Disclosure Statement is being filed before the mailing of a first Office Action on the merits after the filing of a continued prosecution application (CPA) under 37 C.F.R. § 1.53(d). No statement or fee is required.

Consideration of the cited documents and making the same of record in the prosecution of the above-identified application is respectfully requested. The U.S. Patent and Trademark Office is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
